IDEALIST represents a strategic initiative aimed at bolstering resilience and technological adaptability of SMEs within the EU.

IDEALIST's primary goal is to empower Small and Medium-sized Enterprises (SMEs) in three key industrial sectors: Energy-intensive industries, Aerospace and Defence, and Mobility, Transport & Automotive. These sectors are crucial to the European economy and face shared challenges, such as transitioning to sustainable practices, competitiveness in a context of limited raw materials and rising energy costs, and adapting to changing consumer habits.

14 PARTNERS FOR 1 MISSION

About Us

The IDEALIST consortium brings together 14 partners from 7 countries, including innovation clusters, a knowledge community, a foresight specialist, and a tech center. United by the mission to foster industrial ecosystems, we aim to enhance SMEs' innovation, support Ukraine's reconstruction, and strengthen EU integration.

Strategic Foresight

Through Strategic Foresight, the project will provide SMEs with a clear perspective on future threats and unseen opportunities, enhancing their understanding of operational changes and strategic decision-making impacts.

Technology Uptake

The Technology Uptake pillar will connect SMEs with potential suppliers of cutting-edge technologies across Europe, fostering innovation and technological advancement through **Hack & Match** events.

Supply Chain Disruptions

Addressing Supply Chain Disruptions will enable SMEs to identify critical dependencies and reduce the impacts of value chain interruptions.
